CAB Members

In order to list a course on the LawCAB website, a course provider must become a member of CAB Ltd. Membership is open to providers of courses leading to or preparing applicants for entry into the legal profession in England and Wales. There is no cost to membership but members must direct all applications for courses listed on LawCAB through our website - this ensures that we can build up a fully representative picture of applications.

For more information about joining CAB please contact the Company Secretary at applications@lawcabs.ac.uk.
